- One-on-one counselling
- Mental health therapy
- Referrals
- Grief and loss support
- Post-suicide response
- Comfort – traditional and clinical support services
- Continuity of care
- Prevention training and capacity building with local wellness teams
- Individual client assessments such as suicide assessment & safety plan, self-esteem and depression scale and mental health status

Upon Request, We Provide Crisis Response Trauma Intervention

CRISIS IN YOUR COMMUNITY?

- You can call the MKO Crisis Response Mobile line.
- To request assistance, you will be asked information regarding the crisis including;
 - *Nature and circumstances of the crisis,*
 - *The community contact person, and*
 - *The local resources available in community level to be included in the planned response intervention*

Our Team will work to determine the intervention and deployment in a timely manner to ensure your crisis is supported, appropriate referrals are made and after care is in place.
