MEDIA ADVISORY

The First Nations Family Advocate Office invites media, on behalf of the Harper/Wood family, to join us for a press conference about the apprehension of their newborn baby at a Winnipeg hospital on January 10, 2019.

This family's experience was shared via two videos that went viral on Facebook today. The family wants to share their story with the media in an effort to stop this injustice from happening to other First Nations women and families. The First Nations Family Advocate Office is supporting this family.

Place: First Nations Family Advocate Office, Second floor, 286 Smith Street, Winnipeg, MB

Date: Friday, January 11, 2019

Time: 10 am
