OPERATOR DRIVER

Russel, MB

Manitoba Hydro is consistently recognized as one of Manitoba's Top Employers!

Manitoba Hydro is a leader among energy companies in North America, recognized for providing highly reliable service and exceptional customer satisfaction. Join our team of Manitoba's best as we continue to build a company that supports innovation, commitment and customer service.

We are seeking an experienced, Operator Driver to fill a permanent full-time position in the Russell Customer Service Centre to operate and maintain light and heavy self-propelled vehicles and auxiliary implements. Haul all types of apparatus, material and equipment, use and operate light and heavy lifting devices and load/unload material, equipment and apparatus. Must be able to set poles in energized lines. Will be required to work in various locations outside Headquarter Zone.

The applicant is expected to be able to assist with restoring service during an unplanned outage in a reasonable time.

Responsibilities:

- Required to operate a Radial boom digger including RBD III.
- Will be required to remove and install poles, anchors, transformers, streetlight standards and bases in rural distribution systems.
- Haul and handle poles, wire, material and related tools as required.
- Responsible for the operation and maintenance of all assigned vehicles and attachments.
- May be required to operate the following equipment:
- Aerial bucket truck to 55'
- Soft track vehicles over 11 343 kg (25 000 lbs) GVW rating
- Skid Steer loader, Snowmobile, ATV and UTV
- Various district related equipment & vehicles
- Perform minor repairs and lubrication on assigned vehicles and implements.
- Operate and maintain assigned vehicle in accordance with the Highway Traffic Act regulations and Manitoba Hydro standards.
- Assist with the installation and maintenance of streetlights, conductor-stringing operations at ground level and plant salvage operations.
- Required to direct and train junior personnel.
- Must be prepared to assist other CSC's in Parkland West when work demands dictate.

Qualifications:

- Grade 10 education plus one year related experience.
- Possess the necessary experience to operate equipment assigned to the classification.
- Possess a valid Province of Manitoba Driver Licence Class III with air brake endorsement
- Possess or will be required to obtain a Manitoba Hydro Equipment Operator's Permit / Certificate appropriate to the equipment to be operated.
- Familiar with Manitoba Hydro standards and safe work procedures for installing poles, anchors, streetlight standards and bases in the distribution systems.
- Familiar with and adhere to Manitoba Hydro safety rules and procedures, including job planning, traffic control practices, WHMIS, Handling and Storage of Dangerous Goods and other approved safe working practices, procedures and standards.
- Physically capable of performing all the duties of the position.
- Possess a thorough knowledge in practices of handling, securing and hauling heavy equipment.
- Possess a thorough knowledge of the equipment in its use and service requirements.
- Possess an approved set of personal hand tools.
- Ability to work independently under limited supervision.

Great Benefits

- Competitive salary and benefits package
- Defined-benefit pension plan
- Nine-day work cycle which normally results in every other Monday off, providing for a balanced approach to work, family life and community
