Operating/Mechanical Technician

Gillam, MB

Manitoba Hydro is consistently recognized as one of Manitoba's Top Employers!

Great Benefits

- Competitive salary and benefits package.
- Pension and working conditions that provide for a balanced approach to work, family life and community.
- Northern Allowance and other northern benefits, all in accordance with corporate policies.

Manitoba Hydro is a leader among energy companies in North America, recognized for providing highly reliable service and exceptional customer satisfaction. Join our team of Manitoba's best as we continue to build a company that supports innovation, commitment and customer service.

We are seeking an Operating/Mechanical Technician to join our Converter Station in Gillam, Manitoba. You will perform all necessary operating and mechanical maintenance and construction work associated within the Converter Stations North Department. This opportunity in Gillam has excellent benefits and allows you to work with exciting & diverse teams. See below for more details.

Responsibilities:

- Participate actively in the development of the team and the achievement of the team's goals.
- Perform all necessary operations of plant generating and auxiliary equipment under normal and emergency conditions.
- Prepare detailed switching and operating procedures.
- Perform or direct all operations to isolate and restore equipment for maintenance.
- Troubleshoot and perform mechanical maintenance on and commissioning of turbines, governors, compressors, cranes, headgates and their hoist equipment, sluiceways, pumps, motors, circuit breakers and other associated equipment, auxiliaries, air conditioning, refrigeration, heat and vent systems and their controls under normal and emergency conditions.
- Operate and maintain water and waste water facilities.
- Perform standby duties as required.
- Provide direction and training to trainees, technicians, station operators, tradesmen, helpers, and other staff assigned to the team.
- Compile plant maintenance records, maintain accurate and neat statistics, and have a demonstrated ability to prepare reports.
- Comply fully with all safety procedures and regulations as well as Corporate, Legislative and regulatory requirements.
- Ensure that duties performed comply with Business Unit Environmental Management Systems.

Qualifications:

- Possess a Red Seal Industrial Mechanic Certificate and willing to complete Manitoba Hydro's training program for Mechanical Technicians, plus willing to obtain a Manitoba Hydro Station Operator Certificate or equivalent as determined by Manitoba Hydro plus one year experience at the Operating/Mechanical Journeyman Level.
- Thoroughly conversant with safe working practices including the use of protective cards, locking devices, and the job planning process etc.
- Possess a sound basic knowledge of the theory and operation of Converter Stations and/or Hydraulic Generating Stations.
- Physically capable of performing all the duties of the position and work under adverse weather conditions, temperatures and under emergency conditions.
- Capable of working harmoniously with others and accept functional guidance from various sources as noted in Functional Responsibility.
- Ability to provide direction and effective training to junior personnel, and to plan, organize and schedule work activities.
- Familiar with, and adhere to, Federal and Provincial Regulations and practices related to WHMIS and the Transportation of Dangerous Goods.
- Required to have mechanical aptitude to satisfy all requirements of the position.

- Possess or able to attain certification as a water and wastewater facility operator.
- Possess or be prepared to purchase an approved set of hand tools pertaining to the trade.
- Possess a valid Province of Manitoba Driver's Licence with appropriate class.

Northern Benefits:

There are multiple Generating and Converter stations in Gillam which provides great experience and opportunities through project and maintenance work. Along with joining a great community, you may be eligible for:

- Corporate accommodations & transportation to and from site
- Medical & Northern travel trips and travel days (eligible for all family members)
- Northern Allowance
- Northern vacation days, guaranteed overtime (OT) hours, and more!

There are many amenities in Gillam including a hospital, school, daycare, airport, train station, and currently under construction a Co-op food store. There is a state-of-the-art Water Treatment Plant & Recreation Centre plus the opportunity to participate in the best seasonal experiences & various outdoor activities (hunting, fishing, snowmobiling, boating & more). There are many employment opportunities for partners & family members.
