# INSULATION & DIRECT INSTALL

We partner with your community to help everyone save money and energy. Upgrades are free and our First Nation Energy Advisor works with you to create a plan that works for everyone, then local community members are hired to execute it.

## WHAT YOU GET

- ✓ Free insulation upgrades
- ✓ Free LEDs
- ✓ Free low-flow showerheads and faucet aerators
- ✓ Free insulated pipe wrap
- ✓ And more!

## STEPS TO PARTICIPATE

### 1 GET IN TOUCH

If you're interested, send us an email. We'll get back to you right away!

### 2 MAKE A PLAN

We'll help you get the most out of this program with a plan that meets the needs and goals of your community. We will work together to plan a visit to your community with our First Nations Energy Advisor who will assess your homes.

### 3 UPGRADE FOR FREE

We cover the costs for the insulation and provide the direct install materials and work to have everything installed by community members. We even offer training if you need it! Once the work is done, the entire community will benefit from lower bills and more comfortable, energy efficient homes.

# CURRENT OFFERS

Making your home more energy-efficient doesn't have to be costly.

We make it easy and affordable to invest in energy efficiency upgrades with a variety of programs and rebates designed to help you save energy, money, and the environment.

Learn more about our programs and rebates at [efficiencyMB.ca](http://efficiencyMB.ca).

UP TO  
**\$1,000 IN REBATES**

ON HIGH-PERFORMANCE  
WINDOWS & DOORS

From turning the lights on in a room, to charging a phone or heating a home, we depend on energy to survive day-to-day-living. The use of energy doesn't come without its costs, and here at Efficiency Manitoba, we're dedicated to helping reduce the energy burden experienced in Manitoba's First Nation communities. We'll work with your community to provide energy-saving devices, funding opportunities, and technical support to help you save energy, money, and the environment.

Visit [efficiencyMB.ca/indigenous-offers](http://efficiencyMB.ca/indigenous-offers) or [efficiencyMB.ca](http://efficiencyMB.ca) to learn more.

## FIRST NATION SMALL BUSINESS PROGRAM

Get free energy efficiency upgrades for your business!

We offer two phases of energy efficient upgrades for your First Nation small business so you can pick what's right for you.

### WHAT YOU GET

FREE

## PHASE 1

- ✓ A-line LED bulbs to help you save instantly on your energy bill.
- ✓ Faucet aerators and pre-rinse spray valves to help you save instantly on your water and energy bills.
- ✓ Same day assessment for even more energy efficiency upgrades.

FREE

## PHASE 2

- ✓ Enhance your space and save even more on your energy bill by upgrading to:
  - LED linear lamps
  - Specialty LED bulbs
  - LED exit signs
  - Smart thermostats
  - Lighting controls
  - Pitched roof insulation
- ✓ We cover 100% of all material and installation costs.

### DOES YOUR BUSINESS QUALIFY?

- ✔ Must be a First Nation business, on reserve or off-reserve, where the band or a band member is paying the utility bill at a commercial rate;
- ✔ Must be under 15,000 square feet;
- ✔ Is not part of a national franchise or chain;
- ✔ It must have ten or fewer locations in Manitoba.

## 3 SIMPLE STEPS

### 1 YOU GET IN TOUCH

Connect with us to receive your free energy efficient upgrades and Phase 2 assessment.

### 2 WE PLAN

We've partnered with Ecofitt to help plan your energy efficient upgrades. We work with you and Ecofitt to create a proposal and an outline that fits your needs. We also work with you to find local labour solutions to assist with your energy efficient upgrades.

### 3 YOU SAVE

Now it's time to save. We cover 100% of the total cost of your energy efficient upgrades, including materials and installations.

# INDIGENOUS COMMUNITY ENERGY EFFICIENCY PROGRAM

We offer communities the opportunity, support, and resources to hire an energy efficiency advocate to create and implement community energy efficiency plans with guidance from our energy experts. These plans help communities lower their overall energy consumption by taking part in our energy efficiency programs. Hired by the community, the energy efficiency advocate helps foster a culture of conservation in the community, empowering its members to participate in energy-saving initiatives.

[efficiencyMB.ca/iceep](http://efficiencyMB.ca/iceep)

## FUNDING

We provide \$40,000 towards an energy efficiency advocate's salary per year for two years.

## TECHNICAL SUPPORT

We provide communities with direct and frequent access to our staff and technical experts, who will help train the energy efficiency advocate.

## ENERGY & BILL SAVINGS

Increased community participation in energy efficiency programs will lead to energy and bill savings.
