

NON-INSURED HEALTH BENEFITS (NIHB) PROGRAM: MANITOBA REGION PRIVATE VEHICLE KILOMETRIC RATE

The NIHB Program has allowance rates that may be provided when a privately owned vehicle is used by an eligible NIHB client to access medically necessary health services.

The rates shown in the table below are in effect for the 2022-23 fiscal year.

NIHB's Private Vehicle Kilometric Rates (cents/km)

Province/Territory	NIHB Apr 1, 2022*	NJC Jul 1, 2022	NIHB Jul 1, 2022**
Manitoba	21.5	24.5	24.5

* For trips between April 1 and June 30, 2022.

** For trips on July 1, 2022 or later

NIHB's rates are reviewed alongside the *Commuting Assistance Directive Lower Kilometric Rates* released by the National Joint Council (NJC), which can be viewed on their website.

Indigenous Services Canada's First Nations and Inuit Health Branch (FNIHB) and the Assembly of First Nations have undertaken a joint review of the Non-Insured Health Benefits (NIHB) program, including the medical transportation benefit. As part of this process, NIHB Program private vehicle kilometric rates are currently under review and may be revised in future. The rates above are in effect until further notice.
